We both
Died!!
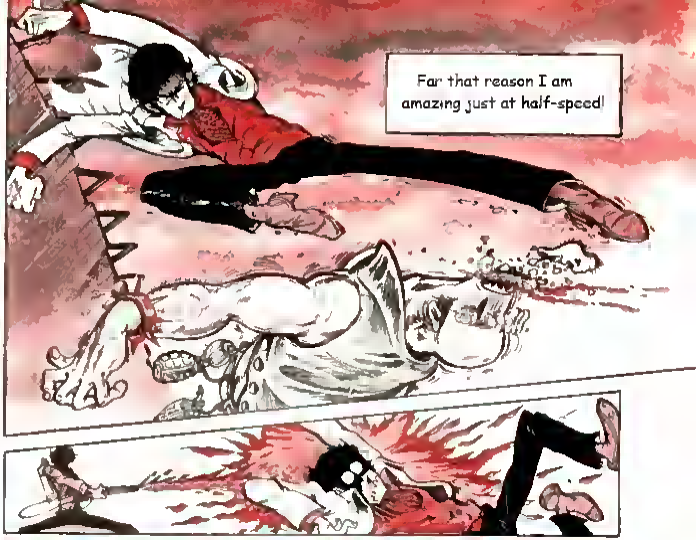
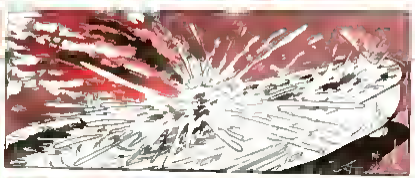
Our small-time detective agency was running well until we found out a secret of a big organization and our lives were tragically cut short in an "accidental" death!
Through advanced modern medicine, they joined our remains: starting with our useful organs; moving on to bones; then our still functioning limbs...
We were fused into a single person
And...the lucky result... just happens to be...

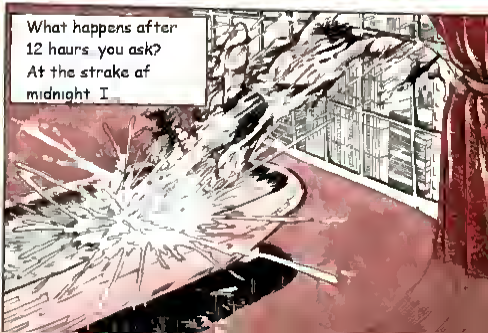
Me, baby!
The surgery, though it looks to be a success, was performed by a lousy scientist! It was a total flop! Stupid quack!!
How is it a failure...!? Well, I'm not sure I fully understand it myself...
"Why," you ask. Yeah, look at my ability from the surgery. I've been super-powered up!!
Well, not like Superman.
To be exact, an Olympic Gold Medalist has a record of 3.3333. That's my power! I can do 100 meters in 3 seconds!



Far that reason I am amazing just at half-speed!

I only have 12 hours each day to be myself.





What happens after 12 hours you ask? At the strake af midnight I

Turn into me!!

Looks like Ranma-boy fell around here. Well, here or down there, he's going to meet his end.
I'll leave the rest to you!
SPLOOSH
OK!! End of the line for him!

Alright!
Hoist it up!
What next?!
Simple. If he's alive after he's dragged up we shall fix that.
I'm not good with corpses, so you can have the honor.
Heh heh heh
You're such a softie.

What!?
Still alive, huh

A woman!
A woman!?
Well, if those legs are the real deal then it ain't no man!
Then... !! You let Ranma-boy escape again?!
Bring me a new plate.
Yes s r.

Are you hurt, miss?
I'm fine.
If you don't mind, what is your name?
Rella...!! Rella Cindy.
A pretty name.
It is quite a cold day to go swimming in this season.
And at midnight!?
You too!
It's quite cold to be having dinner right here.
